OFFERS SALOON FOR CHURCH MEETINGS

DALZELL MAN MAKES UNIQUE PROPOSITION—ACCEPTANCE IS UNCERTAIN.

Joe Bensett has been a saloon keeper at Dalzell for several years, but retired from business a few days ago and is now tearing the fixtures out of the building.

There is nothing strange in that, says the LaSalle Tribune, but Joe has offered his saloon to the people of the city for use as a church in which services can be held regularly the same as any other house of worship.

Whether or not the offer will be accepted remains to be seen, but Bensett has given the residents a chance for the building.

BRAVE ACT GETS SPECIAL MENTION

KENNETH OLIVER OF TAMPICO LISTED AS ONE OF ILLINOIS' GREAT HEROES.

The Sunday Record-Herald contains a list of the Illinois heroes who were rewarded by the Carnegie Hero Commission. It appears that Illinois leads all other states in awards by the commission. Special mention is made of Kenneth Oliver, age 12, of Tampico. The paper also contains a photograph of the young hero and the following comment:

Boy's Brave Exploit.
The youngest hero in the records of the Carnegie commission is an Illinois boy, Kenneth Oliver, age 12, of Tampico. He had not celebrated his 12th birthday when he performed the heroic deed which earned for him a bronze medal and \$2000. The lad was enroute home from school when he saw little Gladys Russell, the 7-year-old daughter of a neighbor, playing contentedly in the middle of the railway track. Simultaneously came the rumble of an approaching train. The child paid no attention to the train and the boy realized that he alone could save her.

Rescues Child.
Without hesitation he ran at top speed, seized the child, and rolled down the bank with her just as the train, drawn by two heavy engines, dashed by. It is needless to say that neither child was scolded on account of their soiled clothing. Young Oliver is the only child of a widow. The stipulation was made that the money awarded is to be applied to the lad's education. As soon as he has completed his course in the Tampico school he will go to college.

BACK FROM THE POULTRY SHOW

GOSSIPS DROVE YOUNG WIFE MAD

YOUNG WOMAN LEAVES HOME WITH BABY—THREATENED SUICIDE.

Aurora, Jan. 6.—The police have no trace of Mrs. Joseph Nemeth, who disappeared from her home here Saturday morning taking her year old baby with her. She left a note to her husband in which she intimated that she had jumped into the Fox River after trying the infant to her will.

Yesterday when the police were planning to drag the river Motor-cycle Policeman Cooley was told by Mrs. Kirtizi that the missing woman had fled with her baby to the home of a sister in Coal City, Pa. She left on the 6 o'clock Burlington train Saturday morning, she said. Burlington trainmen say the woman did not ride to Chicago on the train. She did not buy a ticket at the local station, the police have learned.

Gossip Drove Her Mad.

Brooding over a story that gained circulation in which it was charged she was not true to her husband is believed to have driven her temporarily insane. The story reached her husband's ears and a week ago he spoke to her about it. She left home with her baby and was taken in by Mrs. Kirtizi.

The alleged gossip charged by Mrs. Nemeth with starting the untrue story is Stephen Haydu. Last Friday he was summoned before Justice Galvin by Constable Drake and was there faced by Mrs. Nemeth. He denied he had started the story. Mrs. Nemeth attacked him in the court room and then left with her baby. The following morning at 2 o'clock she disappeared from the Kirtizi home.

PARCEL POST KNOCKS DOWN EXPRESS RATES

SEVENTEEN PER CENT REDUCTION WILL BE IN FORCE IN FEBRUARY.

Washington, Jan. 6.—Lower express rates throughout the country will become effective on February 3rd. Experts of the commission, the interstate commerce commission and the express companies estimate that the average reduction in charge will be approximately 17 per cent. One official of a large express company informed the commission today that the holiday express business for 1913 was quite 25 per cent less than it was in 1912. He attributes it to the parcel post.

LEAD PRAYER MEETING.

Rev. I. B. Heisey will lead the prayer meeting at the Presbyterian church tonight.

AMBOY COUNCIL IS AFTER TELEPHONE CO.

THAT BODY CLAIMS PHONE CO. FRANCHISE WILL NOT PERMIT OF NEW RATES.

Utilities Act Provides That No Increase in Rates Can Be Made Without Commission's Consent.

Amboy, Jan. 7.—Special.—The Amboy city council took issue with the Farmers' Telephone company over its recent edict providing for a toll charge on all calls outside the city, and a committee consisting of Attorney W. L. Leach and Aldermen Fisher, Edwards and Fenstermacher was appointed to confer with the officials of the telephone company and to report to the council the attitude the service company will take in the matter.

The councilmen maintain that the company's new rule is in direct violation of the franchise granted here, providing for free toll service over any of the company's lines in the county. It is also contended that the new rule can not come under the public utilities law, inasmuch as the order establishing new rates was issued on Dec. 31, one day before the state law became effective. It is further urged by the city officials that the utilities act provides that no increase in rates for any public service over rates charged on July 1 can be made by any company without first gaining the permission of the state commission.

READ OF MYSTERY OF THE BOULE CABINET

ONE OF GREATEST MYSTERY STORIES EVER WRITTEN WILL APPEAR, BEGINNING FRIDAY, IN THE TELEGRAPH.

"The Mystery of the Boule Cabinet."

Here is a story that will hold attention from start to finish. The Telegraph has secured the rights to publish this engrossing, clever, and matchless detective story. It is a story of deadly poison, mysteriously injected, of unknown origin and from an unknown source. Not a silly conglomerate of blood and thunder, but a real mystery tale, written by Burton E. Stevenson, whose name on a book means a good book.

The story starts Friday evening, and will appear daily thereafter until finished. It will appear in liberal installments, as large as the paper space will permit each night. We will be just as anxious to get through the story as you are, for we have something more to offer you when that is finished. Read "The Mystery of the Boule Cabinet." It is good. We know that. Look for it Friday on page six.

REILLEY AND POOLE TEAMS PLAY TONIGHT

LEAGUE LEADERS WILL MEET IN SPIRITED CONTEST—INTEREST IS KEEN.

Exceptional interest is being taken by bowling fans in the game between the Reilley and Poole teams of the City league, which will be played at the Brunswick alleys this evening. It has been some time since the league leaders have worked and in the meantime Poole's players improved steadily, and they promise to make the freight handlers hit 'em on the nose all the time tonight. Three straight from the leaders would make the league race very interesting, but Reilley's men, when such a possibility is mentioned, assumed a "we should worry" expression and commenced to figure on the banquet which they expect to partake of soon.

TWO DIVORCES GRANTED

Divorce decrees were allowed this afternoon by Judge Heard in the cases of Lulu D. Schrader vs. Louis C. Schrader and Anna Fulea vs. Nicholas Fulea.

AMERICAN GIRL MARRIES INTO ROYAL FAMILY

Nancy Leishman, daughter of John G. A. Leishman, former ambassador from this country to Berlin, has come nearer marrying into a real royal family than any other American girl. A few days ago she became the bride of the duke of Croy, who owns immense estates in Westphalia and who married in spite of the opposition of his family and without the permission of the kaiser. It was said after the engagement of the couple last April that the duke would have to obtain the permission of the kaiser to wed, in order that his wife might be admitted to membership in the high German nobility and her children, if she had any, might be able to bear the title of the house of Croy. But the young duke snatched his fingers at the kaiser, his family traditions and precedents of a long life of noble ancestors and married the girl of his choice, for which Americans will give him due credit.

The duke of Croy, who is twenty-four years old, is a sovereign duke and is related to most of the royal houses of Europe. He is an officer in the German army, but will soon resign his commission to devote himself to the management of his estates in Westphalia. His income is estimated at \$100,000 a year, so that he cannot be called a fortune hunter. The house to which he belongs is the equal of any of the reigning houses of Europe and belonged to the Holy Roman empire before the principality was destroyed by Napoleon. It has branches in Belgium, France and Hungary and the marriage was opposed by all of them, the position being assumed that the marriage could not be anything butmorganatic.

Miss Leishman, now the duchess of Croy, has spent many of her years in Europe, where her father, formerly president of the Carnegie Steel company, was minister to Switzerland and ambassador to Russia, Italy and Germany. She is a typical American girl, fond of outdoor sports and with a sturdy independence which may upset some of the staid traditions and customs of the house of Croy in Westphalia.

HELEN HUNTINGTON TO WED VINCENT ASTOR

Miss Helen Dinsmore Huntington, a debutante of two seasons ago, is heralded as "the luckiest girl in the world."

For not only have Miss Huntington's parents announced her engagement to Vincent Astor, America's richest and in many other ways most eligible bachelor, but friends of the young couple agree heartily with the declaration that both of them have made that it is "a love match, pure and simple." Ever since young Vincent Astor came into absolute control of his \$35,000,000 share of the estate left by his father, John Jacob Astor, who died as one of the heroes of the Titanic, match-making mothers in New York, Newport and the other resorts of the very rich have had their heaviest artillery trained on him.

And in young Mr. Astor's case there has been more co-operation between mothers and daughters than often is seen when the former have sought to engage their children to men of millions. For Vincent Astor, entirely apart from his millions, is a figure to attract the eye and heart of the most

diffident debutante. And now that he has laid his millions and himself at the feet of Miss Huntington, and been accepted, many hearts will ache, and many of them will ache as keenly over the loss of the man himself as of his enormous wealth.

Mr. Astor will be twenty-two years old next Saturday. Miss Huntington is twenty. Ever since they were small children they have played together, for the Astor country estate at Rhinebeck, the wonderful place known as Ferncliffe, adjoins the Huntington acres.

Many times in the last few months the young people have been seen in one of Mr. Astor's big motors, accompanied by Mrs. Huntington, and on several occasions, after touring over a large part of the countryside, the party has motored in to the Ritz Carlton or the St. Regis to luncheon.

Vincent Astor will have as one of his ushers George C. Douglas of Minneapolis, Minn., whose father, Walter D. Douglas, also was a victim of the Titanic. Mr. Douglas met Vincent Astor for the first time when he came east to await the arrival of his father's body at Halifax, and together they went through days of anxiety and mental suffering. During this time the two young men became close friends, and when Vincent Astor announced his approaching marriage Friday he lost no time in wiring Mr. Douglas an invitation to act as usher. The Douglas family are prominent in Minneapolis society.

There is much about the wife of Representative William E. Humphrey of Seattle, Wash., which gives the impression that she is quite out of her proper element in her Washington apartment. Her large, well-formed figure, her long, swinging stride, her clear pink and white complexion, best described by the plebeian word clean, all suggest the out-of-doors and the fresh air of the mountains. It is when she is telling of her trips with her husband into all sorts of wild, out-of-the-way places that Mrs. Humphrey is at her best. Her eyes—kindly, twinkling eyes—light up and her gestures become animated. It is then that one fully appreciates the charm of her low voice and the sudden flashes of keen wit for which she is famed.

During a recent interview the conversation naturally drifted to Mrs. Humphrey's hunting adventures. Four years ago with her husband and a guide she spent several weeks in the desert land of Mexico. Wearing men's clothes and overalls, she entered right into the spirit of the expedition. "En joy it!" laughed the breezy western lady. "Well, rather."

"It was wonderful at night under the open sky. I shall never forget the glorious stars. We always slept out on the ground on blankets. It was hard to have to come back home and live in closed-up rooms. For the longest time after my hunting trips I would be unable to sleep at all in the city."

It was impossible for the interviewer, a woman, to understand how any other woman would be happy sleeping out on a desert with rattlers and tarantulas and bugs and big horned sheep and things curled up in their beds or walking in their sleep in the same neighborhood. Even Mrs. Humphrey's assurance that these creatures never troubled her could not quite make it clear how anyone was able to even think of stars and the heavens in such surroundings.

The journey that Mrs. Humphrey remembers with the greatest pleasure was the 60-day stay in the north of Alaska. Many times she got farther into the various frigid locations than a white woman had ever been before. Never during the whole two months of that trip did the ground thaw. The season was midsummer, June and July. If ever a warm spell comes in the Arctic it is during these two months.

"FIGHTING MODERN EVILS."
"Those former faiths, how sane, essential and sublime they seem!" This statement appearing in its introduction would seem to be the keynote of the above book which is written by Fred S. Miller, the Chicago author. A return to the old time religion is affirmed to be the best means of dealing with the growing evil of divorce and of preventing the false marriage relations which the laxity of thought upon such matters has caused to spring up in this country of late years. It is also felt to be Mr. Miller's antidote for the poison of strange and foreign religious belief, the sun-worshipping organizations so often ridiculed and exposed in the newspapers, which have been imported here from India and Persia, and which like the deadly Upas tree enfold and crush the innocent and credulous devotee who ventures within their influence.

Quotations from the Bible abound in this uncompromising work, in fact, each chapter of the book begins with some appropriate citation from the sacred text. Mr. Miller is not intolerant nor prejudiced in his beliefs, however, he is merely an earnest advocate of the practice and the thinking under which the early settlers came to this country and endured hardship and started it upon the career which has made it great among the nations of the earth. A strong and conscientious book, very interesting and timely.

FOOD FOR STRENGTH

Natural food nourishes the body. Natural food creates new nerve and muscle cells. Natural food energizes the brain and restores the mind.

Natural food builds for character and wholesome, sane manhood. Natural food generates vim, vigor and vitality. Natural food adds strength to the body and dare to do things worth while. Food that is natural is prepared as Nature would prepare it. Natural food grows strong bodies, active brains and minds that know that they know.

FOODS FOR WEAKNESS.
Artificial food starves the body, destroys nerve cells, softens the brain, weakens the mind, saps vitality, overworks the heart, inflames the stomach, clogs the liver and destroys the kidneys. But correct food will correct these troubles.

STOP WASHING HAIR! TRY THIS. MAKES IT GLOSSY, SOFT AND ABUNDANT.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance. Besides beautifying the hair, one

application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from an drug store or toilet counter and try it as directed.

Lumbago-Sciatica Sprains

"The directions says, its good for lumbago too,—Sloan's cured my rheumatism; I've used it and I know." Do you use Sloan's?

Here's Proof.
"I had my back hurt in the Boer War and two years ago I was hit by a street car. I tried all kinds of dope without success. I saw your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."—Fletcher Norman, Buffalo, Calif.

Instant Relief from Sciatica
"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—J. H. Hawkins, Frankfort, Ky.

Sprained Ankle
"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other firemen in my department. I have never been without a bottle since that time."—Mr. William H. Briscoe, Central Islip, N. Y.

Address, DR. EARL S. SLOAN, Inc., BOSTON, MASS.

He entered the London corporation as a common councilman in 1899, and served the office of sheriff in the mayoralty of Sir Walter Vaughan-Morgan in 1905-06, when he was knighted. During his Shrievalty the late king of Greece was enter-

ained in London and King George and Queen Mary (then prince and princess of Wales) were received and welcomed on their return from India. The lord mayor and the sheriffs paid state visits to Rome and Milan, and had an audience of the king of Italy. In 1907, on the death of Sir David Evans, Sir Vanelet Bowater, defeating two other candidates, was elected alderman of Castle Baynard ward.

Every lord mayor must have served as alderman and sheriff, and usually an alderman must wait some years before being elected sheriff. Election to the mayoralty is usually in the order of seniority as alderman.

Sir Thomas is the first Lancastrian to attain this high position. After him, however, there will be, barring accidents, a succession of Lancastrian lord mayors, for Sir Charles Johnson, who will succeed him, was born in Liverpool and Sir Charles Cheere Wakefield and Sir William Dunn, who are next in rotation, are natives respectively of Liverpool and Cheshire.

At Fahrney Home

Wednesday, Dec. 31, Mr. and Mrs. D. M. Fahrney entertained Rev. and Mrs. Idleman and children and Mrs. Palmer and children, in a very delightful manner at their home. Rev. Idleman was formerly a pastor of the Christian church of this city, and has a large number of friends who are glad to greet him and his gracious helpmate, who has many friends both in Dixon and Grand Detour. Mrs. Palmer and children are from Watseka, Ill. Both Mrs. Idleman and Mrs. Palmer, who are sisters, attended the 45th wedding anniversary of their parents, Mr. and Mrs. Chas. Johnson of North Crawford avenue, held Monday, Dec. 29th.

Married Tuesday.

Miss Florence Marie, daughter of Mr. and Mrs. Theron H. Taylor of East Grove and Clarence L. Frey, son of Mrs. Lucy Frey of East Grove were united in marriage Tuesday evening at 6 o'clock at the Congregational parsonage in this city. Rev. E. C. Stebbins performing the marriage rites in the presence of the parents of the bride and the mother of the groom.

Both young people are highly esteemed and well known in Lee county, where they have hosts of friends who extend them their hearty best wishes.

The bride was becomingly attired in a traveling dress of brown.

After the ceremony the bride and groom went to their home on a farm near that of the groom's parents in East Grove.

Reynolds-Zander

At 4:30 o'clock this afternoon, one of Dixon's most charming young women became a bride, when Miss Maud Mildred Reynolds, daughter of Mr. and Mrs. George W. Reynolds of 311 Second street and August William Zander were united in marriage. Rev. A. B. Whitcombe of the St. Luke's Episcopal church reading the service in the presence of the relatives of the contracting parties and the members of the Invincible club.

The house was artistically decorated with palms, brides' roses, and narcissus, and everywhere simplicity in the beautiful decorations was dominant.

Miss Lucile Morrison sang very sweetly "Blowed, It Is Morn." Miss Ruth Altman presided at the piano, and during the ceremony played appropriate music.

The bride and groom were not attended. The bride's gown was a charming creation of white charmeuse, exquisitely designed. It was trimmed with rare silk lace, this being softly draped on the bodice and the skirt was gracefully draped, the bride forming a pretty picture of girlish loveliness, as she took the marriage vows. Her flowers were brides roses.

After the ceremony light refreshments were served, and congratulations were in order.

Mr. and Mrs. Zander left late this afternoon on a short wedding sojourn, and on their return will make their home in Chicago where the groom is a valued employee in the operating department of the United States Gypsum Co., of Chicago.

The bride is a Dixon girl whom we regret to lose. She is a graduate of the Dixon school and has studied music extensively in Chicago under the best teachers, being a singer of much promise. She is one of the members of the Invincible club, an organization of young women which has done much for charity in Dixon. Both young people are deservedly popular and to them the sincere congratulations of their many friends are extended as they enter upon the threshold of their new life.

45th Anniversary

One of the delightful holiday celebrations which was also the observance of an anniversary, was that held at the home of Mr. and Mrs. Chas. Johnson of North Crawford avenue, when all their children and families gathered at their hospitable home, Monday, Dec. 29th, to observe the 45th anniversary of their marriage. Twenty-one guests formed the company.

The Johnson home was beautifully decorated in holiday garb—Christmas greens, mistletoe, holly and cut flowers were used profusely.

An elaborate turkey dinner was served, the table groaning with its heavy burden of choice viands, to which all paid full tribute.

In the afternoon merriment and good cheer held sway. Different members of the family entertained with music, readings, etc. Charles Johnson, the son of Mr. and Mrs. Johnson, who was here from Chicago proved an entertainer of unusual ability as the enthusiastic applause gave evidence. Each guest received his or her share of praise in contributing to the happiness of those nearest and dearest to them.

Those in attendance at the family reunion were Rev. and Mrs. Finis Idleman and five children of Des Moines, Ia., Mr. and Mrs. Jerome Cox and their daughter, Miss Jessie Cox, Grand Detour; Mr. and Mrs. Amos Palmer and four children of Watseka, Ill.; Miss Bessie Johnson, who resides at home and the son, Charles Johnson, of Chicago. Mrs. Idleman, Mrs. Cox, Mrs. Palmer and Miss Johnson are sisters and with their brother Charles, form the happy family of children who love to bring their families and gather at the home of their parents. In the afternoon Mesdames D. M. Fahrney and G. R. Rhodes joined the company in the pleasant reunion. The two latter named ladies are sisters of Mrs. Johnson.

After a most enjoyable day all joined in wishing Mr. and Mrs. Johnson many returns of the happy anniversary, in which they are joined by the many friends of this highly esteemed couple.

LABOR LEADERS REFUSED RELIEF

24 Convicted of Conspiracy in Connection With Dynamiting Must Serve Jail Terms.

SIX OF THEM GET NEW TRIAL

United States Court of Appeals at Chicago Upholds Verdict of Indianapolis Court in Big Majority of Cases.

Chicago, Jan. 8.—Frank M. Ryan, president of the International Association of Bridge and Structural Ironworkers, must serve a sentence of seven years in the penitentiary.

The opinion in these cases which grew out of the dynamiting scandal, revealed by the confession of the McNamaras, now in San Quentin prison, was read by Judge Seaman.

24 Must Serve Jail Terms. The following sentences were affirmed by the court of appeals: Six years imprisonment: Michael J. Young, Boston; Frank C. Webb, Hoboken, N. J.; Phillip A. Covey, New Orleans; J. T. Butler, Buffalo; J. E. Munsen, Salt Lake City.

Four and a half years imprisonment: Eugene A. Clancy.

Four years: P. J. Smith, Cleveland, O.; John H. Barry, St. Louis.

Three year terms: Henry W. Legleiter, Pittsburgh; Parnell, Springfield, Ill.

Six Must Stand New Trial.

The following other cases where the sentences were reversed and the cases sent back to Indianapolis for trials:

Alfred A. Tveitmo, San Francisco, six years.

W. J. McCain, Kansas City, three years.

James E. Ray, Peoria, three years.

Fred Sherman, Indianapolis.

William Bernhardt, Cincinnati.

Errors Few in Lower Court.

Commenting upon the conduct of the trial which Federal Judge Albert B. Anderson heard at Indianapolis, the court of appeals said:

"The evidence preserved in the bill of exceptions makes several printed volumes and it is notable that no error is assigned for reception or rejection of testimony throughout the extended trial, except as to the admissibility of the testimony of two witnesses, McManis and Clark, who were defendants under the indictment, but testified on behalf of the prosecution."

U. S. Supreme Court May Get Case.

None of the defendants will be sent to jail at once. Attorneys for the convicted men, Elijah N. Zoline and Patrick H. O'Connell, have thirty days in which to apply to the U. S. Supreme court for a writ of certiorari that the decision may be carried to the highest court for review.

ARMY OFFICER IS MOBBED

Germans Attack Lieutenant Who Beat Citizens.

Strasbourg, Jan. 7.—Lieut. Baron von Forstner, whose beating of civilians with a saber caused the anti-army outbreak at Zabern, was mobbed as he left the courtroom where Colonel von Reuter and Lieutenant Schad were on trial before a court-martial on charges developing out of the Zabern episode.

Several persons threatened him at the exit and followed him and two companions, both army officers, down the street. His enemies grew in number until hundreds surged about him, howling insults and shaking clenched fists.

The street was soon filled with the mob, but von Forstner and his companions escaped by boarding a street car.

REBELS KILL 200 ALLIES

Explode Mine Under Supposed Federal Train.

Consular Report Shows American Killed Either in Fighting or in Brawls—Lind at Vera Cruz.

Mexico City, Jan. 7.—An error on the part of a rebel general cost the lives of 200 or his allies in the war against President Huerta. Gen. Pedro Garcia, a rebel commander, stopped a freight train of four cars on the line near Aguascalientes. He loaded part of the merchandise in one car, destroyed the other cars, and embarked 200 men for Aguascalientes. As he reached La Honda a mine placed on the track by another rebel leader, Gen. Serafin Robles, was exploded. Robles thinking it was a federal train. The entire 200 men were killed.

Washington, Jan. 7.—The latest information possessed by the state department relative to economic conditions in Mexico and their effect on Americans and other foreigners in that country shows that approximately 100 Americans have lost their lives in Mexico in three years of revolution. Less than 50 per cent. of that number have been injured.

"Ninety per cent. of the Americans killed and injured in Mexico were involved in brawls or because of taking active part with the factions there."

Claims filed with the state department by Americans who have fled Mexico in the last three years total \$300,000,000. These claims were not filed alone by the rich American mining corporations, whose mines and smelters were situated in Chihuahua, Sonora, and Durango principally, but by agriculturists and stockmen.

The Mormons who settled in Chihuahua and Sonora suffered great losses and have filed claims amounting to many millions of dollars. Most of these Mormons have gone to Utah, where the Mormon organization at Salt Lake City is caring for them.

Vera Cruz, Jan. 7.—John Lind returned here on the scout cruiser Chester. He came ashore with some difficulty owing to the heavy seas, the cruiser anchoring off the port.

Mr. Lind said he was much pleased at having a personal interview with President Wilson, but added that it was impossible to give the slightest indication of the character of the conference or the results arrived at.

WILSON TO LEAVE SUNDAY

President Expected to Arrive at Washington Next Tuesday.

Gulfport, Miss., Jan. 7.—Because he acted as a fire chief and helped save the home of Judge J. H. Neville from flames President Wilson was invited to become an honorary member of the Gulfport fire department and accepted. The president has definitely abandoned his plan to make an informal visit to New Orleans before his vacation has ended. It now is planned for the presidential party to leave Pass Christian late Sunday night and reach the capital Tuesday morning. As there is a diplomatic dinner at the White House Tuesday night there is no chance that the president's vacation will be prolonged beyond Sunday.

COURT UPHOLDS UTILITIES ACT

Supreme Tribunal of U. S. Decides State Has Power to Fix Rates.

KANSAS WINS BY RULING

Decision Declared to Affect Every Similar Body in Settling Future Controversies—Franchises No Bar to Action.

Washington, Jan. 7.—The Supreme court of the United States affirmed the right of the Kansas public utilities commission to fix absolutely the rates which the public service corporations might charge their consumers, without regard to franchises and contracts existing before the state utilities law was passed.

The decision was a sweeping victory for the state. It was rendered in a legal fight between the Wyandotte County Gas company and the Kansas public utilities commission over the right of the gas company to raise its gas rates.

The Supreme court was called upon to decide whether contracts made by the gas company before the state passed a public utilities law could prevent the state commission from lowering the rates on gas charged to consumers.

Sues to Halt Rates.

John Marshall, attorney for the commission, brought suit against the gas company to enjoin it from increasing rates on natural gas from 25 to 27 cents per thousand feet.

The company denied the commission had any jurisdiction over its rates because it had made a contract for 20 years under franchises from the cities of Rosedale and Kansas City, Kan., to furnish gas under certain regulations. These regulations permitted it to increase gas rates within scope of the increase specified.

The company's contention was that the public utilities law could not be made "ex post facto" in its operation, nor could it impair obligations of contract between the company and these two cities.

The public utilities law gave the commission "full power, authority and jurisdiction to supervise and control public utilities and all common carriers doing business in Kansas." It also provided that no changes in rates or tolls should be made without the approval of the commission.

After the company had raised its rates a mandamus suit was filed against it on January 4, 1912. The courts of Kansas sustained the contentions of the gas company and the state appealed the case to the United States Supreme court.

URGE WILSON PRIMARY IDEA

Democrats May Ask Congress to Adopt New System.

Washington, Jan. 7.—Plans for putting into effect the presidential preference primary idea, suggested by President Wilson in his recent message to congress, were discussed here by Democratic leaders at a luncheon given by the Common Council club. A plan of state primaries proposed by Joseph W. Folk, solicitor of the state department, was supported by other speakers, including Secretaries Redfield and Wilson, Senator Owen, Louis D. Brandeis, Assistant Secretary Hamilton of the treasury department and John Burke, treasurer of the United States. A committee with Mr. Folk as chairman was named to draft a plan for the state primary method of nominating presidents. If the committee's report is adopted at the next meeting of the club, it probably will be presented to the meeting in May of the house of governors, and the committee will urge congress to adopt legislation necessary for making the plan operative.

21 SAILORS MAY BE ALIVE

Wireless Urges Search for Men Adrift in Boat.

New York, Jan. 7.—A wireless search of the seas for 21 men of the foundered oil tank steamer Oklahoma, who may be alive in a small boat, was begun, following the arrival here of five more of the crew of the Oklahoma. The five men were rescued by the Booth line freighter Gregory.

All vessels within several hundred miles of where the Oklahoma sank—57 miles southeast of Sandy Hook—have been appealed to in an effort to sight a missing lifeboat, which put off in the terrific storm Sunday night with Capt. Loring E. Cates, who was a passenger on the oil ship; Chief Engineer John J. Fogh and 19 of the crew.

The rescue of the men by the Gregory was not learned until the plucky little freighter reached quarantine.

SCALP TROUBLE FOR OVER TEN YEARS

Small Bunches on Scalp. Itched, Formed Scale. Hair Came Out. Cuticura Soap and Cuticura Ointment Cured in Two Months.

268 Harrison St., Elyria, Ohio.—"My case was a scalp trouble. I first noticed small bunches on my scalp which commenced to itch and in time they got larger, forming a scale or scab with a little pus, and chunks of hair would come out when I would scratch them off. It caused me to lose most of my hair. It became thin and dry and lifeless. I was troubled for over ten years with it until it got so bad I was ashamed to go to a barber to get my hair cut."

"I tried everything I could get hold of, and received no cure until I commenced using Cuticura Soap and Ointment when the scale commenced to disappear. The way I used the Cuticura Soap and Ointment was to wash my scalp twice a day with warm water and Cuticura Soap and rub on the Cuticura Ointment. I received benefit in a couple of weeks and was cured in two months." (Signed) F. J. Busher, Jan. 28, 1913.

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap with an occasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all else fails. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. J. Helfrich, R. F. D. No. 4, Dixon, Ill., says: "I can strongly recommend Doan's Kidney Pills and I am glad to confirm the statement one of my family gave in their praise some years ago. CATO SELLS

Cato Sells, the commissioner of Indian affairs at Washington, has just outlined his program for bettering the conditions of the Indians and recovering the millions of dollars the red men have lost to the land sharks. He plans criminal prosecution of those who have robbed the red man and will compile facts for presentation to congress leading to drastic legislation to safeguard the health and wealth of the Indians. This picture shows Mr. Sells at his desk in Washington.

ROAD BOWS TO U. S.

Official of New Haven and M'Reynolds Confer.

Government Terms Discussed and Carrier to Be Let Alone on Certain Conditions.

Washington, Jan. 7.—The department of justice and the New York, New Haven & Hartford railroad have reached the point in their negotiations where it was practically certain that the final policy of the government toward that road will be announced within the next forty-eight hours.

If the New Haven agrees to a complete reorganization, which will insure the restoration of what the department considers a fair measure of competition in the field of New England transportation, it will be allowed to pursue its plans for such a reorganization practically unmolested by the government.

If the railroad prefers to fight, Attorney General McReynolds will institute proceedings as soon as possible under the anti-trust act to divorce the New Haven from its steamship, trolley and railroad holdings.

Unofficial predictions favored the peaceful plan and it was the general belief that unless some unforeseen problem arises announcement of an agreement would be made during the present week.

The confident feeling that the New Haven and the department will arrive at a solution of their difficulties which will avoid a long struggle in the courts followed an all-day conference between Howard Elliott, chairman of the board of directors of the railroad, Attorney General McReynolds, T. W. Gregory and Jesse C. Adkins, special assistants to the attorney general, in charge of this case.

Mr. Elliott announced that he expected to remain in Washington until Thursday.

To satisfy the department the New Haven must agree to relinquish control over the Boston & Main railroad and to cancel its joint agreement with the New York Central for the operation of the Boston & Albany; to dispose of its trolley lines in New England and its steamship lines operating between New York and points on Long Island sound and New York and Boston and southern ports and Boston.

CHILDREN DIE IN PANIC

Stampede at Entertainment Causes Deaths of Four.

San Juan, Porto Rico, Jan. 7.—Four children were trampled to death and 18 others were seriously injured in a panic at the Municipal theater here. An enormous crowd had gathered to attend the annual celebration of the "day of the three kings," at which festival many gifts are distributed among the poor children of the city. The boys and girls had gathered early at the theater. The crowd had grown to such proportions that the theater was opened that there was no escape for the little ones, and they were knocked down and trodden upon until their lives went out.

Seeks to Oust Kansas Mayor. Wichita, Kan., Jan. 7.—Attorney General Dawson has filed an ouster suit against the mayor of Wellington, Kan., charging him with soliciting bribes and immoral activity.

Evelyn Thaw Reported Ill. Cincinnati, Jan. 7.—Evelyn Nesbit Thaw, appearing here this week at the Lyric theater, is ill at her hotel. It is not known how serious the disposition of Mrs. Thaw is.
